

## What Was Word Bird's Surprise?

One day Word Bird caught a tiny tadpole in the pond.

He put it into a bowl with lots of green pond food. The tadpole ate and ate. It Grew big and fat.

Soon Word Bird saw two back legs growing on the tadpole. Then he saw two front legs, And its tail was getting short.

Word Bird's Mama took out some of the water and put a big rock into the bowl. Guess what?

One day a fat green frog hopped out of the water and sat on the rock..
